GOFAR

Company & Values

We are a team of technocrats and professionals having more than 20 years of core competency in the field of Engineering and Construction. We complement and motivate each other and showcased our expertise in completing many prestigious projects covering Factories, Industrial Buildings, Commercial Buildings and Residential Buildings.

A process & systematic approach driven organization with a passion and dedication to meet the exact requirements of our clients with timely delivery and quality to achieve our ultimate objective as a leader in the construction industry.

- Providing a vibrant and enthusiastic work force to achieve the goal and commitment to deliver best standards in the construction industry.
- Our ultimate achievement is the benefit of the Customers and thereby creating a sense of accomplishment and trust.
- Adding value to the Customer by innovation and Value Engineering.

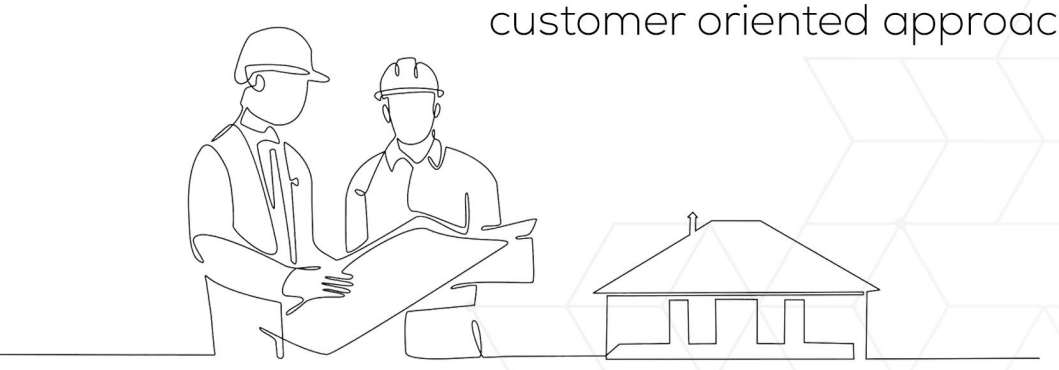

Vision & Mission

Vision

Become a Global leading Engineering Consultants and Contractors with our competence in Technology & Innovation.

Mission

To construct, develop and deliver unique integrated, strong, highly comfortable lifestyle and workspace environments through our focus on quality, design, responsibilty and customer oriented approach.

Quality Policy

We are committed to provide continual growing levels of customer satisfaction by

- Providing products & services which comply with customer specifications and inline with relevant standards and codes in the industry.
- Striving for continual improvement through review and implementation of systematic checks at different stages.
- Building safety & quality consciousness by educating and empowering employees by inculcating team work.

Safety Policy

We build safe and healthy work environment for all our workmen, employees and stakeholders

To accomplish this

- We educate and inculcate Health & safety considerations to all our workmen and employees in all operations through continuous training and mock safety drills at construction sites.
- We comply with all relevant norms and regulations as applicable for promoting high safety and health standards.
- We strive hard to achieve a zero incident and zero mishaps at workplace.
